Projects

We are a research and service division of:

Contents

•

- **Mineral Resources in New Mexico**

- **Significance of this project:** *New Mexico has a wealth of untapped mineral resources*

- [Mining in New Mexico](#)
- [Mining Databases](#)
 - [Mines](#) in New Mexico
 - [Mineral](#) production from New Mexico
- Mining scams (see [Mining Frauds](#) for hints on avoiding mining scams)
- Is there future mining potential in [New Mexico](#)--2015? presentation at American Exploration and Mining Association meeting December, 2015
- [Update](#) on mining status in NM--presentation at the NMMA 2019
- **Mineral-Resource Potential and [Industrial Minerals](#) in NM**
- [SME preprint 2016](#)
- Memoir 50E [Energy and Mineral Resources of New Mexico: Industrial Minerals and Rocks](#)
- Mineral-resource potential of selected BLM lands--[OF-598](#)
- Mineral-resource potential of Sabinoso Wilderness Area and Rio Grande Del Norte National Monument--[OF-599](#)
- **Mining districts in New Mexico**
- History, production, geology and resource potential of mining districts in New Mexico
 - [List of selected mining districts](#)
 - Resource Map 24 [Mining Districts and Prospect Areas in New Mexico](#)
- [New Mexico Mines Database](#)
- Mining in the Magdalena area, Socorro County--[poster](#) to Magdalena Frontier Days

- Mining history, geology, and potential of the Rosedale Mining District, Socorro County--[presentation](#) to Albuquerque Gem and Mineral Club
- **Gold-silver in New Mexico**
 - [Presentation](#) "Gold in New Mexico"
 - Alkaline-related deposits
 - SME [preprint](#)
 - [Placer](#) gold deposits in NM
 - [Gold panning](#)
 - [Trace](#) element analysis of placer gold in NM
 - [SME preprint 2016](#)
- **Critical minerals in New Mexico**
 - **Rare earth elements (REE) resources in New Mexico**
 - **Significance of this project:** *Although NM does not have any economic deposits of REE at this time, the REE deposits in NM are geologically and mineralogically interesting*
 - New Mexico Geology [article](#)
 - **Barite and fluorite [resources](#)**
 - **Beryllium Resources in New Mexico**
 - [SEG poster](#)
 - Beryllium in New Mexico ([OF- 533](#))
 - Victorio Mountains ([OF-459](#))
 - Apache Warm Springs deposit, Ojo Caliente No. 2 mining district ([OF-535](#))
 - Iron Mountain, Cuchillo mining district
 - **Tellurium resources in New Mexico**
 - SME [preprint](#)
 - [New](#) Mexico Geology article
- **Uranium Resources in New Mexico**
 - [Presentation](#) at NMMA Sept 2011
 - [Geochemistry](#), geochronology, and evolution of the igneous intrusions and mineralization in southwestern New Mexico
 - Mineral deposits associated with Tertiary alkaline igneous rocks in New Mexico, [poster](#), SEG 2014
 - Mineral Deposits Associated with Tertiary Alkaline Igneous Rocks in New Mexico, SME [Preprint](#) 15-084, 2015

- **Geology of the Monticello Canyon (Alamosa Creek), Socorro County, NM (Ojo Caliente No. 2 district)**
 - [Open-file report 535](#)
 - [Open-file report 533](#)
 - [Poster](#) given at Rocky Mountain GSA Section meeting May 2012
 - Geologic map of Montoya Butte 7.5 quadrangle
 - What are the sources of obsidian and pottery found in the area?
 - What are the [mineral](#) resources of the area?
 - [Virtual exhibit](#) of the Canada Alamosa Project
- **Geology and geochemistry of Proterozoic mafic and granitic rocks in the Burro Mountains and Little Hatchet Mountains and adjacent areas of southern New Mexico, West Texas, and Arizona**
 - **Significance of this project:** 1200 Ma anorthosites intruded 1400 Ma granites in New Mexico
 - Geology and geochemistry of Redrock-Wild Horse Mesa anorthosite and granites, Grant Co [SUMMARY](#)
 - GEOLOGY AND GEOCHEMISTRY OF THE REDROCK GRANITE AND ANORTHOSITE XENOLITHS (PROTEROZOIC) IN THE NORTHERN BURRO MOUNTAINS, GRANT COUNTY, NEW MEXICO, USA, [SUMMARY](#)
 - [Bulletin of the Geological Society of Finland 74](#)
 - Geology and geochemistry of Proterozoic rocks in Little Hatchet Mountains
 - Significance of Rapakivi Granites and Comingled Diabase Enclaves and Synplutonic Dikes, Little Hatchet Mountains, New Mexico [ABSTRACT](#)
 - [Presentation](#) given at Rocky Mountain GSA May 2012
 - Mineral resources Wild Horse Mesa area, Burro Mountains [Openfile Report 486](#)
 - Rämö, O.T., Calzia, J.P., McLemore, V.T. and Heikkilä, P., 2016, Mid-Proterozoic evolution of southern Laurentian lithosphere; crustal domains and potassic magmatic suites in Mojavia and Mazatzal; *in* Lithosphere 2016, Ninth Symposium On The Structure, Composition And Evolution Of The Lithosphere In Fennoscandia Institute Of Seismology: University Of Helsinki, [Report S-65](#), p. 121-124
- **Geology of the State Parks and Monuments ([see virtual tour](#))**
- **[Environmental geochemistry of mineral deposits in New Mexico](#), including papers and theses of the Questa molybdenum mine project, Pecos, and AML**
 - Abandoned Mine Lands (AML) Project--See [AML](#) page

- Lessons learned from mining influenced water studies at the NMBGMR--
[presentation](#) at the EPA conference, August 2014
- Abandoned Mine Lands workshop 2018 — [OFR-597](#)
- **Sustainability of mining deposits**
 - Sustainability in exploration, [SME preprint 04-170](#)
 - Sustainability in industrial minerals, [SME preprint 04-171](#)
- **Environmental geochemistry of Lead in New Mexico**
- **[ADTI](#) (Acid Drainage Technology Initiative)**
 - Basics of metal mining influenced water (published by SME, [information](#))
 - Handbook of technologies for sampling and monitoring of metal mine drainage for mine closure
 - [BIBLIOGRAPHY OF REFERENCES ON SAMPLING AND MONITORING](#)
 - [ICARD](#) paper on sampling and monitoring
